

Founded in 1984, AccountMate develops and markets fully customizable business management software designed to meet the growing needs of small to medium-sized businesses. Systems range from single user versions to those that support over hundreds of users simultaneously.

AccountMate software is available for local installations or cloud deployment. It is distributed exclusively through a worldwide channel of authorized solution providers.

This leading-edge application combines the full functionality of our award-winning AccountMate system with the power of Microsoft's SQL Server. It offers AccountMate clients enhanced investment protection for the long haul with superior scalability, uptime performance, stronger data security and easier integration with other software applications.
